

LICENSING ANNOUNCEMENT

APRIL 4, 2008

Suite^{Link}TM LPR clarification

Primary Audience: CASS/MASS manufacturers

What: Section 5.3 of the Suite^{Link} Interface and Data Distributor LPR was revised to the following: Licensees must be capable of redistributing and/or updating the Suite^{Link} system with the full file production data monthly.

Additionally in Exhibit A of the Suite^{Link} Interface Developer LPR, the requirement to provide data updates monthly was changed to recommends. The third sentence of the first paragraph now states the following: However, USPS recommends Suite^{Link} Licensees update these files on a monthly basis in order to obtain the best possible results from the Suite^{Link} process.

When: Immediate

Impact: The modified language allows CASS/MASS manufacturers to continue to distribute data bi-monthly to customers who receive bi-monthly updates.

What you need to do: Licensees should provide data updates accordingly.
